WHAT IF YOUR WORST NIGHTMARE WAS ONLY THE BEGINNING? Home safely after abduction and attempted murder, Naomi Hamilton's worst nightmare should be over. But what if things are not all they appear to be? What if abduction and attempted murder was only the beginning? Naomi finds herself in a tangled web from which there is no real escape or freedom. When everything feels dark, she turns to the one person who's saved her life and given her a future - the one person she can trust. Trust feels risky and dangerous. Threat is a constant presence. And one wrong move could cost her everything.
