For most people, the mind seems to be an unruly cacophony, attempting to grasp and shape everything which falls in its purview. In mind is your business, Sadhguru explains that only if we make it "our business" to transform this uncoordinated mess into a well - coordinated symphony, will we able to use the mind, rather than be used by it. Sadhguru is a yogi and profound mystic of our times. An absolute clarity of perception places him in a unique space in not only matters spiritual but in business, environmental and international affairs, and opens a new door on all that he touches.
