Charming and beautiful Astrid Vogt was well known in the small country of Liechtenstein. Pressured by her parents to pursue their hopes of her marriage to a Prince, Astrid flees to America with a dream of medicine in mind. When she starts to fall for Penelope, their instant attraction proves to be an additional complication to her already crazy life. Unable to reveal her true identity, Astrid finds herself trapped between her duty to her country and her newfound feelings for Penny. Will Astrid tell Penny who she truly is? Or will she let her past come between them? A steamy lesbian romance novella with an HEA ending you're sure to love!
