Welcome to Enchanted Enclave, where coffee, chaos and cauldrons are a way of life. When another body pops up at a new construction site in Enchanted Enclave, Eliza doesn't want to have anything to do with the investigation. After all, she's had a few close calls, and Detective Andrews warned her not to get involved in police matters in the future. However, as more information comes out, there seems to be something strange afoot. When it becomes obvious that there's a paranormal hiding in their midst, Eliza and her cousins decide they need to get involved, not only for justice sake, but to keep the residents of Enchanted Enclave safe. But being so isolated from the paranormal world, they find themselves at a disadvantage. Between finding the killer, trying to figure out why Aunt Lucy has been acting so secretive and dealing with some chaos at the coffee shop, Eliza has a lot of balls in the air. Will she be able to solve all of her problems before everything comes crashing down around her? A Witch, Dark Roast is the third book in this fun new witch cozy mystery series from Samantha Silver.
