About the Book Books on Experiments and Projects in Science describe the scientific method of hypothesis construction, testing and validation / refutation that is the backbone of progress in scientific research. Titles include: Discourse on the Method of Rightly Conducting the Reason, and Seeking the Truth in the Sciences, How to Use the Microscope, Materialisations- Experimente mit M. Franek-Kluski, Pioneers of progress. Men of science. Joseph Priestley, Signalling Across Space Without Wires. Being a Description of the Work of Hertz & His Successors, The advance of science, and perfectibility of its professors, The Teaching of Science, and Polyphase Electric Currents and Alternate-Current Motors. Also in this Book Books about Science discusses the knowledge building activities that examine natural / empirical phenomena including in such fields as biology, chemistry, zoology, astronomy, and mathematics. Titles include: Elements of the Differential and Integral Calculus, English Men of Science: Their Nature and Nurture, Rock-Forming Minerals, The direction of human evolution, The Essence of Astronomy: Things Every One Should Know about the Sun, Moon and Stars, The Preparation and Mounting of Microscopic Objects, The Gospel According to Darwin, A Manual of Blowpipe-Analysis, and Determinative Mineralogy, and The Stars and the Earth: Or, Thoughts Upon Space, Time, and Eternity. And in this Book Books about History study documents and other evidence that shed light on past events. The evidence is assembled in an attempt to objectively analyze the movements and currents that determined past history. Historical studies are an extremely broad subject, and often categorized into Ancient History, Medieval History, Renaissance History, and Modern History. About us Leopold Classic Library's aim is to provide readers with the highest quality reproductions of fiction and non-fiction literature that has stood the test of time. Our titles are produced from scans of the original books and as a result may sometimes have imperfections. To ensure a high-quality product we have: thoroughly reviewed every page of all the books in the catalog repaired some of the text in some cases, and rejected titles that are not of the highest quality. If You can't find the book You're looking for, please write to us. We will look for it in our catalog and find the best price for You in our Amazon store. Come home to the books that made a difference! Thank you for your interest in our books!
